PRODUCT DESCRIPTION

About

The **JFlowers GENERATION 1 Street Tee** is built around one strong idea: keep the design clean, then give it a statement that matters. The front keeps things focused with a centered **red-and-blue circle graphic**, a cueing player silhouette, and the phrase **“Change The Game”** underneath. It feels modern, minimal, and purposeful without trying too hard. The black body gives everything more contrast, letting the front artwork stand out with clarity and confidence.

Turn it around and the shirt adds another visual hit with **vertical red and blue back stripes** running down the center line. That detail gives **GENERATION 1** a subtle sport-inspired edge while keeping the overall look disciplined and wearable. It is the kind of shirt that feels equally at home during practice, casual matches, travel days, or everyday wear off the table.

Comfort stays central to the design. The **classic fit** gives it an easy shape that does not feel restrictive, while the **premium fabric blend** keeps the shirt soft, smooth, and performance-ready. Add in **Airflow technology** and **mesh ventilation under both arms**, and you get a street tee that is ready for long hours around the table without losing its comfort.

Design Highlights

- **Black body with centered red-and-blue circle graphic**for a bold, clean front presentation
- **Player silhouette and “Change The Game” slogan**for a modern billiards-inspired statement
- **Vertical red and blue back stripes**that add motion and contrast without clutter
- **Airflow technology with underarm mesh ventilation**for cooler wear through longer sessions

Why Choose the GENERATION 1 Street Tee

Choose **GENERATION 1** if you want a shirt that feels minimal, current, and easy to wear, but still says something about the game. Its design is less about loud overload and more about controlled impact. The artwork is clean, the message is strong, and the performance features make it more than just a graphic tee. It is a solid choice for players who like streetwear energy with billiards at the core.
