PRODUCT DESCRIPTION

About

The **JFlowers GENERATION 2 Street Tee** takes the same confident spirit behind the original concept and gives it a brighter, cleaner attitude. The white body makes the central design hit harder, with a **red-and-blue circle**, a player silhouette stretched into the shot, and the phrase **“Change The Game”** placed underneath for a message that feels direct and purposeful. It is simple, graphic, and easy to wear, but it still carries enough presence to stand out around the table.

The back keeps the design moving with **vertical red and blue striping** running down the center, adding contrast without making the shirt feel busy. That detail gives the tee a subtle athletic rhythm and helps tie the front and back together into one complete look. Shoulder branding in blue adds another clean accent that fits naturally into the overall color story.

Comfort is built into the design just as much as style. The **classic fit** gives it an easy everyday shape, while the **premium fabric blend** keeps it soft, smooth, and ready for repeated wear. Add **Airflow technology** and **mesh ventilation under both arms**, and **GENERATION 2** becomes a street tee that feels as good in a long practice session as it does off the table.
