PRODUCT DESCRIPTION

About

The **JFlowers HIVE GREEN Pro Collar Shirt** is made for players who like their style clean up top and aggressive in the details. The front keeps the center body mostly black for a sleek, controlled look, while the bright green collar, shoulder panels, and side accents bring the energy. That contrast gives the shirt a strong athletic identity without making it feel crowded.

What really sets this design apart is the **hexagonal hive pattern**. It rolls across the sleeves and rises from the lower section of the shirt, creating a layered visual that feels fast, technical, and sharp. The pattern gives the piece a modern performance vibe, almost like engineered armor for match day, while still staying true to billiards apparel. It is bold, but it stays disciplined.

Performance matters just as much as style. The **classic fit** keeps the shirt comfortable and easy to wear through long sessions, while the **premium fabric blend** gives it a smooth, lightweight feel. Add in **Airflow technology** and **mesh ventilation under both arms**, and you get a shirt that is designed to stay breathable when the pressure rises. **HIVE GREEN** is a standout option for players who want sharp color, structured graphics, and all-day wearability.
