PRODUCT DESCRIPTION

About

JAGGED brings a high-energy visual without going over the top. The front pairs a bold half-and-half black and blue layout with layered angular graphics that create motion across the body, while the opposite side adds distressed light-blue streaking for a colder, more technical finish. It looks **fast, focused, and made for players who want a stronger presence** under the lights.

The back keeps that same contrast-driven identity going with the black side carrying scratched, weathered texture and the blue side using sharp geometric layering that feels crisp and modern. Add in the structured pro collar, classic fit, and mesh

ventilation under both arms, and **JAGGED** gives you the kind of comfort and visual impact that works just as well in long sessions as it does on match day.

Design Highlights

- **Split-color performance layout:**The body is divided into black and blue panels for a clean, bold look that instantly stands out.
- **Jagged angular graphics:**Sharp geometric cuts across the blue side give the shirt a dynamic, forward-moving feel.
- **Distressed light-blue texture:**Scratched light-blue detailing adds depth and a cool, electric finish to the darker sections.
- **Match-ready comfort:**A classic fit, pro collar construction, airflow ventilation under the arms, and premium fabric blend keep it comfortable through every rack.

Why Choose the JAGGED Pro Collar Shirt

JAGGED is a strong pick for players who want something **sleek, athletic, and slightly aggressive** without losing a premium feel. The contrast between the blue geometric sections and the darker textured areas gives it a polished edge that feels modern instead of loud. It is the kind of shirt that looks sharp before the break and still feels good deep into the set.

Popular FAQ

1. Is JAGGED more bold or more minimal in person?

It lands right in the sweet spot. **The split-color design** makes a statement, but the layout stays clean and controlled rather than overly busy.

2. What makes the design feel “jagged”?

The sharp angular cuts, split body layout, and distressed streak textures create that aggressive, broken-edge look shown in the artwork.

3. Is this shirt only for competition use?

Not at all. It is performance-built for match play, but the modern styling also makes it easy to wear for practice sessions, league nights, or casual billiards events.

4. How does the fit feel?

JAGGED uses a classic fit, so it is designed to feel comfortable and athletic without being overly tight.

5. Will the shirt stay comfortable in long sessions?

Yes. The mesh ventilation under both arms and the premium fabric blend are designed to help with airflow and keep the shirt feeling lighter during extended wear.
