PRODUCT DESCRIPTION

About

KAIDEN is the kind of shirt that does not need loud graphics to make an impact. Its look is built around a bold diagonal split between **black** and **white**, creating a crisp visual balance that feels refined, sharp, and highly wearable. The soft abstract line pattern layered across the body adds motion without clutter, giving the shirt a modern edge that looks just as strong under tournament lights as it does in everyday play.

Performance matters just as much as style, and KAIDEN is designed for both. The **classic fit** offers easy movement without feeling baggy, while **mesh ventilation under both arms** helps improve airflow where players need it most. Finished with a structured **pro collar**, subtle **JFlowers branding**, and a smooth **premium fabric blend**, this shirt delivers a polished competition look with dependable comfort.

Design Highlights

- **Black-and-white contrast layout** creates a bold, clean tournament-ready look.
- **Abstract flowing line graphics** add movement and visual texture without overpowering the design.
- **Pro collar construction** gives the shirt a sharper, more elevated finish than a standard tee.
- **Underarm ventilation panels** help promote breathability through long matches and practice sessions.
