About

VIBRANT takes a modern performance look and turns up the energy. The shirt features a dominant **black center body** framed by striking **bright green shoulder panels**, collar accents, and sharp geometric side detailing. The layout is highly symmetrical, giving the shirt a precise, engineered feel. Thin angular lines cut inward from the shoulders and sides, creating a visual rhythm that makes the whole piece feel sleek, powerful, and tournament-ready.

What makes **VIBRANT** stand out is how it balances intensity with control. The green doesn't overwhelm the shirt—it defines it. Against the black base, every line looks sharper, every angle feels more deliberate, and the overall design comes across as focused rather than flashy. With a **classic fit**, **underarm mesh ventilation on both sides**, **Airflow technology**, and a **premium fabric blend**, **VIBRANT** is designed for players who want standout color with serious performance credibility.
